Statement of Facts Concerning Inventorship in a Patent Application

As an undersigned inventor originally named in the above identified patent application, I do solemnly and sincerely declare as follows:

- The present application was originally filed without a declaration by all the named inventors.
- Upon review of the application soon after it was filed, one of the named inventors discovered the oversight and soon thereafter contacted the patent firm which filed the application.
- After considering the claims in view of the overlooked inventors, it was determined that one overlooked inventor should have been included as an inventor in the original application.
- Accordingly, although the actual inventors were not named in the application as originally filed, this error was made without any deceptive intention on the part of the actual inventor(s), and action was diligently taken to correct the mistake.

I hereby declare that all statements made herein of my knowledge are true and that all statements made on information or belief are believed to be true; and further that I acknowledge that any willful false statements and the like so made herein are punishable by fine or imprisonment or both and that such willful false statements may jeopardize the validity of the application or any patent issuing thereon.
